De Palma Makes New Mark With Liberty Motor

Driving a Packard car equipped with a Liberty motor, Ralph De Palma established a world record for six hours at the Sheepshead Bay Speedway yesterday, when he covered 633.12 miles. The best previous mark was 566 miles, made at Broklands, England, October 1, 1913, by aDrio Resta, Jean Chassagne and Lee K. Guinness, driving alternately.

De Palma's effort was sanctioned by the A. A. A. He covered 112.96 miles in the first hour, as compared with 107.9 when the former record was established; 224.9 at the end of the second hour, compared with 195.1; 329.56 at the end of the third, as compared with 289; 440.56 at the end of the fourth, compared with 380, and 535.72 at the end of the fifth, as compared with 472. In the third hour De Palma had some tire trouble, which brought down his speed, and at the end of the fifth hour, when he was sixty-three miles ahead of the previous record, he made a brief ctop for gasolene and oil.

Boxing Notes

- By Fred Hawthorne -

We always seem to be apologizing We always seem to be apologizing for something. People are so touchy. Now it's Johnny Tea Dunn who sits up on his hind legs and squawks pitifully. In yesterday's column we referred to Brother John as corresponding secretary of the Broadway Sporting Club of Brooklyn, under the new membership rule, and Jonathan took UMBRAGE, he did. MBRAGE, he did. Last night he came, we saw, he con-

quered.
"The statement you made in the pub-"The statement you made in the public prints has done me a grievous injury and caused me great mental anguish. 'Corresponding secretary,' forsooth! I, sirrah, am the Minister Plenipotentiary—nothing less!"

If words could burn, we would have shrivelled up like a dead leaf on the hot stove lid as John's sarcastic enunciation of "corresponding secretary" smote upon our ears. We promised to re-

tion of "corresponding secretary" smote upon our ears. We promised to reform, and everything, and then Minister Dunn told us the rest of his tale, namely and to wit: That the Broadway Sporting Club will hold the first of its shows for "members only" to-night, with Augie Ratner and K. O. Willie Laughlin, the prancing middleweights, as the big act, preceded by two other good ten-round sessions. John saith he cares not if every one of the 3,700 members of the club attends the festivities.

clubs of the American Association and International League into a new, near major circuit.

Whether or not the Union League would have solved the present difficulties of the two most prominent Class AA organizations, the fact remains that the defeat of the proposition for territorial redistribution is likely to crush the life out of the little operators. The closing of this field will affect the more prominent minors just as major league baseball will be affected by all minor league depression. It seems doubtful, indeed, whether the International League will attempt to operate next season. Four of the clubs are pretty thoroughly discouraged over present conditions. These were willing to step aside for their confreres to join hands with the American Association in the contemplated amalgamation. It was those Association clubs which were to be left out in the cold that balked the plan.

For very apparent reasons the major leagues can ill afford to see any of the more prominent minor associations lock up shop. The major leagues have

The resignation of Pierre Lorillard was accepted with regret.

See Lorillard Though all the major league clubs have waived on the services of Johnny Evers, who finished the season with the Phillies, the noted Trojan cannot receive his unconditional release for some days. This information was vouchsafed by John A. Heylder, sectorally the National League Period, and John yesterday, "then period," said John yesterday, "then major league clubs have waived on the services of Johnny Evers, who finished the season with the Phillies, the noted Trojan cannot receive his unconditional release for some days. such a player's services without many tary consideration—the customary waiver purchase price. Such a claiming club, however, must satisfy the salary demands of the player so claimed, or waiver title. In the case of Evers this ten-day period has not expired. Hence, Johnny is not a free agent."

It would appear that Evers is not being turned out into the cold and cruel world by Pat Moran. Doubtless the former Keystone King of the Cab and Braves sought his own release is order that he might better himself. As early as the world series it was removed that Evers would manage the Boston Red Sox next season if it should happen that Jack Barry were called into the service to which he could be a service to which he could be served.

should happen that Jack Barry were called into the service to which he volunteered. Barry has been called to the colors and it is doubtful if he will be able to continue as pilot of the former world champions.

Out St. Louis way the critics declare that Branch Rickey is seriously considering Evers as manager of the Cardinals. With two such opening it is reasonable to suppose that John J., of Troy, will land on his feet before the opening of another major league campaign.
